

Dances with Dogs & Trick Dog Committee

The following are the Trick Dog guidelines for affiliates that may wish to allow contracted judges to also enter and compete at the same event, when more than one judge is contracted.

- The official schedule for the event must state "contracted judges may compete".
- All judges should be contracted for all classes.
- All judges contracted should be advised at the time of contracting that the option to compete will be scheduled, thus giving the opportunity to decline to be contracted.
- Other competitors must not be disadvantaged.
- The general conduct of the Trick Dog Test must proceed uninterrupted.
- Judges are to compete before the official class/test commences or at the end of the class/test.
