

Exclusive Offer for Dogs Victoria Members (DNA Profiling Programme)

Orivet is proud to partner with Dogs Victoria (DV) to offer members exclusive discounted pricing on genetic testing services. By registering as an Orivet breeder and entering your DV membership number upon registration, you can now access DNA Profiling for only **\$47** – a savings of up to 30%! and Full Breed Profiles: **10% off!** This special pricing is automatically applied when you order any tests through your Orivet account.

How to Create and Activate Your DV Member Discount

- 1 Log in to create your Orivet account <https://www.orivet.com/register/breeder>
- 2 Go to "My Profile/Settings"
- 3 In the Membership Number section:
 - Select Dogs Victoria from the drop-down menu
 - Enter your DV Membership Number
- 4 Read and accept the Terms & Conditions and tick the box to confirm your agreement (by accepting, you agree to allow genetic results of future tested animals to be transferred to DV's database/portal)
- 5 Click "Update Membership Details"
(Changes can only be made by Orivet admin after submission)
- 6 Approval may take up to 24 hours
Once approved, your DV member pricing will appear automatically.
- 7 (Optional) Transfer previously tested animals via the "Transfer My Animals" tab

Need Help?

If you're an existing Orivet customer and your Dogs Victoria details do not appear in your account, or if you experience any issues, please contact us directly:

help@orivet.com or  Chat with us live

Take advantage of this exclusive DV member benefit today and ensure your dogs' genetic profiles are up to date—at a fraction of the cost.
