

Dogs Victoria Breeder Series

Agreement to Provide Veterinary Services

Dogs Victoria Regulation 20.8.4 states that a breeder shall have a written agreement with one or more veterinary practitioners that describes arrangements for veterinary care of their animals. You may choose to use this template to meet this requirement, or your veterinarian may have their own agreement document.

VETERINARIAN'S DECLARATION

As a Registered Veterinary Practitioner under the **Veterinary Practice Act 1997**, I have agreed to provide the following services to the member listed above. These services will be provided by myself or by other Registered Veterinarians employed by my Veterinary Practice:

(Please select all that apply)

- ☐ Use of my veterinary facilities for the treatment of animals belonging to the member
- ☐ Isolation housing if capacity is available; and the supervision and advice for animals in isolation at the member's address
- ☐ Complete forms required in the Dogs Victoria Model Health Management Plan for Breeders. If the Breeder is using their own health management plan I will advise them to email: fieldofficer@dogsvictoria.org.au to ensure their plan meets all the requirements of Dogs Victoria Regulations.
- ☐ Health checks for breeding animals kept by the member
- ☐ Vaccination certificates and health checks to accompany the guarantee for dogs (including puppies) being sold by the member
- ☐ Providing veterinary assistance for the breeder and able to provide treatment and/or services to the breeder within 6 hours of notification that veterinary attention is required, or 24-hour contact and treatment, or referral to the alternative 24-hour or emergency practice nominated here:
