General Comments:

Thank you for a fabulous entry of Samoyeds at today's show. I believe Sammies were the biggest entry.

I was very pleased with the overall quality and type. I liked my top winners very much. Some heads were slightly alien. Having shown white dogs myself, I believe some of the rinsing had not been properly done due to yellow staining, nothing to do with the actual coat colour.

General Comments:

A number of very nice Bernese Mountain Dogs, some would benefit from being shown in harder condition, particularly the bitches. Eye colour needs watching, the light eye detracts from the soft expression of this breed. I enjoyed my morning with the breed. Apologies for being so silent because of lack of voice.
